Adverse economic conditions prevailed in major importing Countries, coupled with the Red Sea crisis are impacting the export of textile products, including ready-made garments, to foreign destinations. d) Briefly explain the financial and economic scenario of the country and the globe;

Overview of Global Economy Amidst the prevailing global economic landscape, challenges such as a subdued manufacturing environment, faltering trade flows and persistent inflation concerns paint a complex picture for the future ahead. However, amidst these challenges, certain sectors, notably services, demonstrate resilience. The recent update from the International Monetary Fund (IMF) offers a glimmer of hope, with a modest upgrade in growth projections for 2024 and 2025. Global growth is projected at 3.1 percent in 2024 and 3.2 percent in 2025, marking an increase from previous forecasts. This uptick is attributed to the stronger-than-expected resilience observed in the United States and several major emerging market economies, coupled with fiscal support measures in China. However, these growth projections still fall below the historical average of 3.8 percent, largely due to factors such as elevated central bank policy rates to combat inflation, reduced fiscal stimulus amidst high debt levels, and sluggish underlying productivity growth. Furthermore, there is a notable decline in global inflation rates, driven by the resolution of supply-side constraints and the implementation of tighter monetary policies. Global headline inflation is anticipated to decrease to 5.8 percent in 2024 and further to 4.4 percent in 2025, with the latter figure being revised downward. Additionally, the year 2024 also marks changing geopolitical situation for several nations which may introduce a degree of uncertainty. These changing landscapes hold implications beyond borders, influencing economic and public policy in an increasingly fractious global landscape. Despite potential challenges, these developments underscore the ongoing efforts to navigate economic challenges while striving for stability and sustainable growth in the global economy.

e) Risks and concerns issues related to the financial statements, explaining such risk and concerns mitigation plan of the company;

Detailed discussion on the risks and concerns issues related to the financial statements, explaining such risk and concerns mitigation plan of the company has been shown in the Directors' report under CG Condition 1.5(iii).

f) Future plan or projection or forecast for company's operation, performance and financial position, with justification thereof, i.e., actual position shall be explained to the shareholders in the next AGM

There are obvious challenges but also great opportunities to the textile industry to establish itself as a global manufacturing hub for the Global buyers. The rebound in the textile export on the back of the lower cotton prices and decline in the inventory level of the international buyers has started improving the fortune of the Textile Industry. Our management is looking at the future with optimism and expects that with the improvement in the global demand and softening of raw cotton prices in the coming periods, will give relief to the Textile Industry. We expect that in this challenging period, Government will support the Spinning industry in the form of favorable Textile policies, incentives and other benefits which are of paramount importance for the future growth of the Industry.

Conclusion

I would like to express my gratitude and thanks to the members of the Board for their continued support and guidance during the year. Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994 other applicable laws and regulation and the Securities and Exchange Rules 2020 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated

ed and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
